

K-Love is a part of my life that I could not go without. It keeps me focused from day to day. It is vital to me that this radio program continues to be aired on FM radio. Our society can be very scary, greedy, and dangerous. Listening to K-Love helps me to keep my focus positive. If this were to be replaced by another station, I would be greatly saddened. In addition, thousands of lives are changed by what is heard on this radio station. In our society, talking about religion has become taboo. With K-Love as a station on the radio, people have an outlet where they can choose to learn about Jesus without fear of interruption from those against religious displays. These people can choose not to listen. The fact is, millions of people tune in to hear the message of Jesus, and I believe that slowly, we are becoming a better society again. Please, do not replace K-Love. This station is literally a lifeline for millions of people. Thank you.
